

**TESL CANADA**  
Teachers of English as a Second Language - Canada

September 18, 2023

I hope everyone in our community has had a fantastic summer and has recharged for the upcoming Fall season. It is with some melancholy that this will be my last update as my presidential term ends in October. I will be staying on as past-president.

I am looking forward to meeting many of you at our upcoming annual general meeting (AGM) in Calgary at the end of October. I am so grateful to ATESL for hosting us during their conference and we have a plan to be present at more provincial conferences, hopefully having future AGM at other conferences. It will be such a relief to see everyone in person again.

Your service to the TESL community in Canada is much appreciated. It is with no overstatement that I mention you make an impact on Canada and the world in your classrooms, student meetings, and the care you bring to our society. The most inspirational aspect of being your president has been interacting with our membership, in whom I have deep pride and admiration. I have been humbled to serve you.

Regards,

Donald Moen  
President  
TESL Canada
